

ATTESTATION

Working together to promote climate protection.

SWM Versorgungs GmbH hereby confirms that it has retired for

SAFECHEM Europe GmbH
Tersteegenstraße 25
40474 Düsseldorf

CO₂ emission certificates from international climate protection projects, corresponding to the amount of 90 tons of CO₂e for the period 01.01.-31.12.23. The retirement can be found under the following serial number in the Gold Standard Registry: GS1-1-GH-GS407-16-2019-22046-23511-23600. SAFECHEM Europe has thus offset a quantity of 90 tons of CO₂e.

In addition, a portion of the payment made by SAFECHEM Europe GmbH will be used by SWM Versorgungs GmbH for the construction, maintenance, and/or operation of renewable energy facilities in Germany. This is intended to contribute to CO₂ reduction in Germany and advance the national energy transition.
